Northeast Florida Local Emergency Planning Committee

Wednesday, November 10, 2015
10:00 a.m.

MINUTES

A meeting of the Northeast Florida Local Emergency Planning Committee was held on Tuesday, November 10, 2015, at 10:00 a.m., at the Northeast Florida Regional Council, 6850 Belfort Oaks Place Jacksonville, Florida. Chair Richard Knoff called the meeting to order with the following members:

Present

Bill Decker – Environmental
Chief Richard Knoff – Firefighting
James Murphy – Community Group
Capt. John Scott, III – Firefighting
Ken Wilkey – Facility Owner
Chief Joel Sneed – Firefighting
Morrison Braren – Non-Elected Local Official
Douglas Coleman – Local Environmental
Chief Lenny Ensalaco – Firefighting
George Faucher, Jr. – Firefighting
Ben Huron – Local Environmental
Gracie Kennedy – Local Environmental
Lt. Todd Smith – Firefighting
John Ward – Emergency Management
Martha Wagaman – Emergency Management

Excused

Chief Michael Bazanos – Firefighting
Sandi Courson – Health
Steve Millican – Emergency Management
William Lord – Facility Owner
Henry Bonar – Facility Owner

Absent

Beverly Pitts – Facility Operator
Terry Carr – Environmental
Quin Romay – Emergency Management
Sheriff Joey Dobson – Law Enforcement

Alternates

Alvin Barker for Chief Silcox
Julius Rinosa for Paul Crist
James Watford for Ronald Lendvay
David Dunkley for Roger Studenski
Larry Legg
Lt. Allen Mason
Shawn Hall

Guests: Special Agent Alex Silverstein, FBI Jacksonville Division; Medardo Monzon, Fernandina Beach resident; Alex Sease, Westway Terminal Company, LLC; and Mr. Rogers, Emergency Manager for US Marine Corps.

NEFRC Staff Present: Eric Anderson, Elizabeth Payne and Sheron Forde

***APPROVAL OF MINUTES**

Chair Knoff called for a motion on the August 2015 meeting Minutes. Mr. Decker made the motion to approve the August 2015 Minutes, seconded by Capt. Scott III. The motion carried unanimously.

STATE EMERGENCY RESPONSE COMMISSION (SERC) MEETINGS

Chair Knoff stated that Lt. Lamm has accepted a position with the City of Cocoa Beach Fire Department and will no longer serve on this committee. He stated that the Training Subcommittee will meet following this meeting and will be discussing the replacement for Lt. Lamm to represent the Northeast Florida LEPC on the Training Task Force for the State Emergency Response Commission.

Training Task Force

Mr. Anderson stated that the 4th HazMat Symposium will be held in Daytona Beach January 20 – 22, 2016 at Fire Rescue East; information was provided in agenda packets. The LEPC will be working on sponsoring some attendees to this event.

Chair Knoff mentioned the 160-hour HazMat Tech Pilot Program that Clay County conducted through the Florida State Fire College; several technicians have taken and passed the State exam.

Also discussed were the Supplemental Environmental Projects. The website, www.floridadisaster.org/sep, provides a listing of supplemental environmental projects. The purpose of the listing is to provide recipients of EPA fines to see if there are any projects that they want to have their fines pay for versus having the funds go to the EPA. The intent of this is to try and publicize more local needs so that when and if a fine is given to a business, they can elect where a portion of that money goes.

LEPC/Chairs

Congratulations to Chief Knoff who was elected as the Vice-Chair of the LEPC/Chair Subcommittee for the State Emergency Response Commission!

The LEPCs and Regional Councils were consolidated to 10 from 11 districts in the State of Florida. As a result, the LEPCs will be rebranding/renaming the LEPCs by region with a new map designating the new boundaries.

Marathon Petroleum will be holding a large petroleum based exercise in our region in the upcoming year; August 16-18, 2016. They have asked for representatives of the LEPC to be a part of the planning team; Eric Anderson will be attending their December planning meeting and will report back at the next LEPC meeting. Mr. Ward requested involvement in the discussions with Marathon Petroleum regarding use of grant funds in lieu of HSEEP Lite. Anyone who would like to get involved with the planning of the exercise or even participation, please let LEPC Staff know and he will pass that on. A brief discussion followed.

SERC

A representative from the Department Agriculture spoke regarding their healthy gas inspection program, 11 inspectors for the entire State, and their efforts to build a better relationship with first responders to help identify healthy gas violations. These inspectors are required to respond when there are large releases, injury and/or deaths.

CURRENT BUSINESS/REPORTS

Treasurer's Report

There is currently \$162.55 remaining in the LEPC account.

Hazardous Material Release Report

An review of the hazardous materials release report was provided for the Northeast Florida LEPC, which included an investigation at the Pulp Mill in Putnam County, a breakdown of fixed facilities where evacuations, injuries or deaths were reported, and transportation incidents related to differentiation between chemical and traffic accident related deaths. Hazardous materials incidents reported in the State were 1,243 so far through 2015. A graph depicting the Hazardous materials incidents reports within each LEPC region from September 1, 2014 to August 31, 2015 was discussed.

SUB-COMMITTEE REPORTS

Training

Mr. Anderson provided an overview of the training sub-committee activities, which included recent training on Air Monitoring, Radiological, and Compressed Gases. The annual training report showed that the HMEP funded 14 classes or conferences in which 264 people were trained at an average cost of \$205 per student. There were 10 free classes provided in which 201 people were trained. Thus, a total of 24 classes were held with 465 people trained at an average cost of \$116.50 per student. Upcoming 2016 training opportunities include the 4th Annual Florida HazMat Symposium in January, Advanced HazMat Life Support in February, and Propane Emergencies in March. Chair Knoff acknowledged Mr. Anderson's efforts in realizing these training opportunities and results.

Hazards Analysis

Although the State has yet to provide tasks for this subcommittee, a suggestion was made at the last meeting regarding conducting county profiles. This would involve taking information from the Hazard Analysis, placing it on a map, and analyzing each county. The Public Outreach Subcommittee could use the results to target groups or areas for future outreach activities. Additionally, the Hazards Analysis Subcommittee would provide an overview of the county profile at each LEPC meeting for two years. The Hazards Analysis Subcommittee Chair will contact LEPC staff to discuss further.

Public Education Outreach

An overview of the Public Education Outreach Sub-Committee was provided. The group is currently working on 1) the Region's HazMat Awareness Week for September 2016, 2) reviewing shelter-in-place guidance utilizing the Federal Action Plan as a reference to tailor the public outreach based on federal guidelines, 3) reviewing the marketing of supplemental and environmental projects, advertising to the counties who will then populate the State database of projects, 4) working with the First Coast Chapter of the Alliance for Hazardous Materials Professionals who are interested in partnering with the LEPC on public outreach activities.

PRESENTATIONS/ISSUE ITEMS

Tianjin, China – A presentation was made regarding the chemical blast that occurred in Tianjin, China on August 12, 2015 where 173 died, 797 injured and 8 missing, as well as massive property damage.

LEPC Regional HazMat Exercise – A video was shown of the Exercise that was held September 10, 2015 at Clay Port/Reynolds Park with participants from FDEP, Clay County Fire Rescue, Gainesville Fire Rescue, JFRD, Nassau County Fire Rescue and St. Johns County Fire Rescue. An after action report was included in agenda packet.

PUBLIC COMMENT

Mr. Medardo Monzon, thanked the Members and guests for all that they do to ensure the safety of the Region's residents and property. He shared with the Committee his concerns regarding the potential for the Port of Fernandina Beach becoming a storage area for dangerous hazardous materials.

Next Meeting – The next quarterly meeting is scheduled for Wednesday, February 10, 2016 at the Northeast Florida Regional Council, 6850 Belfort Oaks Place Jacksonville, Florida 32216.

ADJOURNMENT

There being no further business to come before the LEPC, Chair Knoff adjourned the meeting at 11:00am.

TAB V A

MEMORANDUM

DATE: January 27, 2016
TO: Northeast Florida Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Coordinator
RE: TTF, LEPC, & SERC Meetings

Summary

The Training Task Force, LEPC Chair/Coordinator, and State Emergency Response Commission meetings took place in Daytona Beach, Florida on January 19-20. The following items were main points of discussion at the meetings:

- **Training Task Force Meeting**
 - ***Updates on the 4th Annual HazMat Symposium***
 - 300+ registrants
 - 38 presentations
 - 51 instructors (11 out of state)
 - 136 CEU credits available
 - ***Need for LNG Training (particularly our NE FL Region)***
 - FEC to start using hybrid LNG/Diesel Locomotives. We are the first region in the nation, and they will be filling in Jacksonville. This fuel composition will allow for 3 trips to Miami and back on 1 tank.
 - JAX Port is set to be the only LNG port on the East Coast. Expect filling and exporting.
 - Need to identify private industry partners that can provide LNG training (TOTE or WesPac)? Could conduct a full LNG course at the First Coast Technical College for those impacted counties.
 - LNG-Based LEPC Meeting?

- *Hybrid 160-hr HazMat Technician course approved by Fire College*
- **LEPC Chair/Coordinator Meeting**
 - *30 Years of Emergency Planning Community Right-to-Know Act*
 - Could be used as a basis for our 2016 public outreach activities
 - *Hazard Analysis Working Group – Recommendations*
 - 2015 additions to E-Plan (Tier II reporting) – State defined fields
 - 2016 changes – site plan submission requirement with Tier II
- **State Emergency Response Commission (SERC) Meeting**
 - *Pipeline Presentation – Artie Buff – (US DOT/PHSMA – Atlanta, GA)*
 - Natural Gas Pipeline safety Act, 1968
 - Response to Natchitoches, Louisiana 1965
 - 47,000 miles of pipeline in Florida, mostly gas distribution
 - 482 miles of HazMat pipeline, most in Tampa region
 - Artie Buff will be at the May LEPC Meeting

State Emergency Response Commission Training Task Force

TAB V B

MEMORANDUM

DATE: January 27, 2016
TO: Northeast Florida Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Coordinator
RE: Thomas Yatabe Award & Certificates

Annually, the State Emergency Response Commission (SERC) recognizes one person from each LEPC District with the **Thomas Yatabe Award**.

The Thomas Yatabe Award signifies outstanding contribution(s) made in the implementation and support of the Emergency Planning and Community Right-to-Know Act through achievement(s), accomplishment(s) or superior participation in hazardous materials planning or response.

The SERC also issues "Certificates of Appreciation" for other worthy nominations received.

This year we have a Yatabe winner and Certificate to award. They are:

- **S. Todd Smith (retired JFRD) – Thomas Yatabe Award**

Lt. S. Todd Smith retired from Jacksonville Fire/Rescue Department with 26 years of service. Todd spent the vast majority of his career assigned to the HazMat team where he became heavily involved in teaching new members. He would rise to the rank of Lieutenant before retiring in 2014, and received numerous awards throughout his career for actions in the line of duty. During his career he responded to countless hazardous materials incidents including the Stewart Petroleum Tank Farm fire, T2 Chemical Labs, and numerous other events.

Todd later became an Instructor with the IAFF and now brings his talents to departments across the nation as a seasoned Hazardous Materials Instructor. He is a testament to our mission in the community.

- **Terry Carr (COJ) – Certificate of Appreciation**

While managing several programs in the City's Environmental Quality Division's (EQD) Water Branch, Mr. Carr also continues to manage the Emergency Response Program and perform response duties. In addition to these responsibilities, he continues to conduct the 8-hour and 40-hour HAZWOPER classes for EQD employees as well as other City employees as needed. These classes consume a great amount of his time in both preparing and presenting the material. While not a requirement of his job, he continues to provide this service in order for City personnel to receive proper training to be safely prepared in the field. His expertise is a great asset to the City of Jacksonville.

TAB VI A

MEMORANDUM

DATE: January 27, 2016
TO: Northeast Florida Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Coordinator
RE: Treasury Report

The LEPC CD was cashed out at the direction of the LEPC. The LEPC requested that the CD funds be used to cover training classes and costs that would otherwise not be covered by the HMEP Grant.

The current balance of the LEPC account is: **\$162.55**

TAB VI B

MEMORANDUM

DATE: January 27, 2016
TO: Northeast Florida Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Coordinator
RE: Hazardous Materials Incident Reports

The attached tables and graphs provide information on all hazardous materials incident reports received by the State Watch Office. The incident reports are reviewed by Hazardous Materials Planning staff on a daily basis for compliance and verification purposes. The information helps identify potential Section 304 violators, as well as facilities which may have an obligation to report under other sections of EPCRA and the Risk Management Planning (RMP) programs.

Table 1 - lists incidents by LEPC District for the period of 9/1/2015 through 11/30/2015. "Potential Section 304 Investigations" are incidents involving the release of Extremely Hazardous Substances (EHS) or Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) chemicals at fixed facilities and are investigated by State-level staff. In order for an incident to be covered under Section 304, the EHS or CERCLA chemical must meet or exceed its designated Reportable Quantity (RQ) and have potential for offsite exposure.

Table 2 - provides a breakdown for fixed facilities of all hazardous material incidents where evacuations, injuries or deaths were reported (where available).

Table 3 - covers transportation related incidents and differentiates between chemical-related and traffic accident-related deaths. Please note that official causes of death are determined by the medical examiner's office and may take up to 90 days for the final report.

Graph I - depicts total incidents within the State from 1/1/2002 through 11/30/2015.

Graph II - depicts total incidents within each LEPC District from 12/1/2014 through 11/30/2015.

TO: Northeast Florida Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Coordinator
RE: Sheps Discount Presentation

Terry Carr will provide an overview of the law enforcement action that resulted in the discovering of a significant HazMat & HazWaste issue in Jacksonville.

Below is an article from the Times-Union regarding Sheps Discount.

FDLE raids Shep's Discount on Normandy Blvd.; owner arrested

By [Colette DuChanois & Jacob Rodriguez, First Coast News](#) Tue, Jan 5, 2016 @ 11:27 am | updated Tue, Jan 5, 2016 @ 4:35 pm

First Coast News

Dozens of FDLE agents swarm Shep's Tuesday morning.

The owner of Shep's Discount has been arrested following the serving of multiple search warrants at several locations in West Jacksonville Tuesday morning, authorities said.

William Shepard Ellison, 69, was arrested on two counts of possession of a firearm by a felon hours after the Florida Department of Law Enforcement raided his business, according to the Sheriff's Office.

Authorities found two loaded shotguns in his home while serving the search warrants, according to an arrest report.

Ellison had been found guilty in 1990 of one count of solicitation to commit first-degree murder and then a month later pleaded guilty to a count of arson and two counts of dealing in stolen property. He was sentenced to 15 years in prison.

Authorities contacted the Florida Office of Executive Clemency in mid-September to see if Ellison had petitioned the state to have his firearm rights restored, as felons are not allowed to be in possession of firearms or ammunition.

It came back in December that Ellison had not petitioned to have his rights restored.

The main Shep's Discount store is at 7890 Normandy Blvd.
