Northeast Florida Local Emergency Planning Committee

Wednesday, May 13, 2015
10:00 a.m.

MINUTES

A meeting of the District IV Local Emergency Planning Committee was held on Wednesday, May 13, 2015, at 10:05 a.m., at the Northeast Florida Regional Council, 6850 Belfort Oaks Place Jacksonville, Florida. Chair Richard Knoff called the meeting to order with the following members:

Present

Henry Bonar – Facility Owner
Morrison Braren – Non-Elected Local Official
Terry Carr – Environmental
Sandi Courson – Health
Paul Crist – Transportation
Bill Decker – Environmental
George Faucher, Jr. – Firefighting
Chief Richard Knoff – Firefighting
Ronald Lendvay – Law Enforcement
James Murphy – Community Group
Chief Harvey Silcox – Firefighting
Chief Joel Sneed – Firefighting
Ken Wilkey – Facility Owner

Alternates

Jennifer Stagg – Firefighting
David Dunkley – Transportation
Maria Haney – Emergency Management

Guests: Alex Sease, Westway Terminal Company, LLC; Rob Dietrich, State of FL; Brooke Martin, CSX; Leane Merriweather, CSX; Mitch Sneed, FL Air National Guard; Greg Kassner, FL Air National Guard; and Brian Teeple, NEFRC

Staff Present: Eric Anderson and Sheron Forde

Excused

Ben Huron – Local Environmental
William Lord – Facility Owner
Steve Millican – Emergency Management
Martha Wagaman – Emergency Management

Absent

Chief Michael Bazanos – Firefighting
Sheriff Joey Dobson – Law Enforcement
Gerry Gividen – Interested Citizen
Gracie Kennedy – Local Environmental
Tenneth Minor – Firefighting
Beverly Pitts – Facility Operator
Quin Romay – Emergency Management
Lt. John Scott, III – Firefighting
Scott West - Hospital

***APPROVAL OF MINUTES**

Chair Knoff called for a motion on the February 2015 meeting Minutes. Chief Silcox made the motion to approve the February 2015 Minutes, seconded by Bill Decker. The motion carried unanimously.

STATE EMERGENCY RESPONSE COMMISSION (SERC) MEETINGS

Training Task Force

Chief Knoff, on behalf of Lt. Lamm, provided an overview of the HazMat Symposium. He stated that District IV was one of the larger regions in attendance. Staff continues to reach out to the other LEPC Districts to encourage attendance. The Clay County HazMat team, which competed for the first time, took 3rd place overall along with an individual award in the category of Tactics and Strategy

LEPC/Chairs

Mr. Anderson provided a brief update on SERC activities. The State is developing a new website for Supplemental Environmental Projects and is currently beta testing it. This process would allow facilities to retain 75% of fines for release within the District for local projects. However, a list of potential supplemental environmental projects for facilities to negotiate is yet to be established for the District. The State would like to create a database of the projects so that when a release does happen that the negotiations start with these projects. This will be one of the tasks of the Public Outreach Sub-committee, to start developing supplemental environmental projects and begin highlighting some of the needs within District IV.

Training curriculum – there have been some final comments associated to HazMat Tech check-off competencies. This is more of a Fire Fighter base training that will be used toward updating the curriculum statewide.

A representative of 811 Pipeline Safety provided an overview of their system, which is located in central Florida. Mr. Anderson stated that the State is beginning to consider pipelines for the near future.

The State is also looking at doing an overlay on some of the Department of Emergency Management (DEM) mappings in order to provide a statewide overlay that could be utilized by DEM.

Hazard Analysis contracts are due to go out July 1, 2015. The draft facilities lists have been submitted to the counties for review. The State will issued contracts with each county after receipt of the reviews.

A letter was sent to the Director of FEMA asking that more attention be given to chemical potential threats and hazards. The letter also indicated that the District 3 LEPC will move their Hazardous Materials Awareness week to the month of September to align with the National Preparedness Month.

SERC

The SERC meeting was held on April 10, 2015 in Tallahassee. Discussions were held on 811 Pipeline Safety, supplemental environmental projects and kids in safety zones.

CURRENT BUSINESS/REPORTS

Treasurer's Report: There is currently \$162.55 in the LEPC account.

Hazardous Material Emergency Preparedness (HMEP) Grant: Mr. Anderson stated that there were a couple of small minor releases. However, no information has been received from the State as of yet. The Hazardous Materials Incident Report covering December 1, 2014 through February 28, 2015 was included in agenda packet.

HazMat Density Reports: Mr. Anderson shared information on CSX's HazMat Density Report, which provides data on the total number and types of shipments on CSX rail lines. A report is provided for each county, with the exception of St. Johns and Flagler Counties as they are not CSX rail lines. CSX shares this information with staff on a regular basis and will be available online in the near future.

Thomas Yatabe Award Winner: Chief Joel Sneed was presented with the Thomas Yatabe Award.

SUB-COMMITTEE REPORTS

Training – Chief Silcox provided an overview of the training sub-committee activities stating that they have completed the 3-year training calendar that is required for the LEPC and it has been submitted by staff in April to the Regional MyTEP for inclusion into the statewide training and exercise plan. They have scheduled for the FY 2016 training to include pipeline safety, the Florida HazMat Symposium, Advanced HazMat Life Support, Railcar Response, International HazMat Conference, HazMat Tech Refresher and HazMat Air Monitoring. The grant funding should cover the cost for all of these training.

LEPC sponsored training last quarter included 31 people trained at the HazMat IQ class in Palatka in April. Upcoming trainings include two attendees from Jacksonville at the International HazMat conference; a mapping class and a radiological training. There will be a sub-committee meeting following this meeting.

Hazards Analysis – Mr. Decker met this morning to try and define the role and parameters of the sub-committee and what some of their objectives might be. They are very much in the formative stages, but there is a desire and interest to see how they can better evaluate the data that is coming into the system as well as seeking ways of making that data more valuable to the local responders. Anyone interested in joining the sub-committee is welcome to join them at their next meeting, which will be announced.

Public Outreach – Mr. Carr stated that the sub-committee met this morning. The four primary tasks for the sub-committee is to 1) designate a HazMat Awareness Week and determine a theme, 2) plan at least one public outreach event with the possibility of more, 3) working to confirm participation of a PIO on the sub-committee, and still trying to reach out to the media to consider membership on the committee. The sub-committee will also work on come up with ideas for supplemental environmental projects.

PRESENTATIONS/ISSUE ITEMS

Reflections on Bhopal After Thirty Years - A presentation from the Chemical Safety Board was viewed by the Committee.

Risk Management Program - Mr. Robert Dietrich, RMP Inspector for Florida Department of Emergency Management, provided an overview of the Risk Management Program. He highlighted the purpose of Section 112(r) and the program requirements, facilities that are typically regulated under the program, the program elements, level of screening and the typical enforcement inspection findings. The Members were provided in their agenda packets a list of current RMPs within the LEPC District IV. Anyone interested in more information can contact Mr. Dietrich at the FDEM.

Kids In Danger Zones - Mr. Anderson provided an overview of a September 2014 report that looks at the number of children attending schools located within the vulnerability zones of high risk facilities. He highlighted the study results which showed the State of Florida at number three of the top five states with the number of schools and students in vulnerability zones. In the State of Florida, approximately 1.5 million students attend schools within vulnerability zones of a high risk chemical facility. Also highlighted were the top five counties in Florida, with two from northeast Florida, Putnam and Duval; interactive mapping tools to locate and identify specifics associated with the facility and surrounding areas. A brief overview of the steps that can be taken to reduce the risks was also presented; education is a key factor.

PUBLIC COMMENT

None.

Next Meeting – Chair Knoff announced the next quarterly meeting is scheduled for August 12, 2015 at the Northeast Florida Regional Council, 6850 Belfort Oaks Place Jacksonville, Florida 32216.

ADJOURNMENT

There being no further business to come before the LEPC, Chair Knoff adjourned the meeting at 11:30am.

T A B V A

MEMORANDUM

DATE: August 5, 2015
TO: District IV Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Staff
RE: Training Task Force (TTF) Meeting

Summary

The TTF met July 16, 2015 in Cocoa Beach, Florida. The following were main points of discussion at the meeting:

- **Updates on the 4th Annual HazMat Symposium - January 2016**
- **Supplemental Environmental Projects**
 - www.floridadisaster.org/sep

The SERC envisions the LEPCs advertising and educating locals on the SEP program; driving folks to develop projects and get them submitted to the SEP website; and to assist with coordination of activities, if a project is approved by the violator and the EPA.

- **Various Training Curriculum Updates**

State Emergency Response Commission Training Task Force

Hilton Cocoa Beach Oceanfront

MEMORANDUM

DATE: August 5, 2015
TO: District IV Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Staff
RE: LEPC CD Funds

The LEPC CD was cashed out at the direction of the LEPC. The LEPC requested that the CD funds be used to cover training classes and costs that would otherwise not be covered by the HMEP Grant.

The current balance of the LEPC account is: **\$162.55**

TAB VI B

MEMORANDUM

DATE: August 5, 2015
TO: District IV Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Staff
RE: Hazardous Materials Incident Reports

SUMMARY

The attached tables and graphs provide information on all hazardous materials incident reports received by the State Watch Office. The incident reports are reviewed by Hazardous Materials Planning staff on a daily basis for compliance and verification purposes. The information helps identify potential Section 304 violators, as well as facilities which may have an obligation to report under other sections of EPCRA and the Risk Management Planning (RMP) programs.

Table 1 - lists incidents by LEPC District for the period of **March 1, 2015 through May 31, 2015**. "Potential Section 304 Investigations" are incidents involving the release of Extremely Hazardous Substances (EHS) or Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) chemicals at fixed facilities and are investigated by State-level staff. In order for an incident to be covered under Section 304, the EHS or CERCLA chemical must meet or exceed its designated Reportable Quantity (RQ) and have potential for offsite exposure.

Table 2 - provides a breakdown for fixed facilities of all hazardous material incidents where evacuations, injuries or deaths were reported (where available).

Table 3 - covers transportation related incidents and differentiates between chemical-related and traffic accident-related deaths. Please note that official causes of death are determined by the medical examiner's office and may take up to 90 days for the final report.

Graph I - depicts total incidents within the State from **January 1, 2002 through May 31, 2015**.

Graph II - depicts total incidents within each LEPC District from **June 1, 2014 through May 31, 2015**.

Hazardous Materials Incident Report - Table 1

3/1/2015 Thru 5/31/2015

Potential Section 304 Investigations

TAB VI C

MEMORANDUM

DATE: August 5, 2015
TO: District IV Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Staff
RE: LEPC Regional HazMat Exercise

The following provides a brief overview of the upcoming LEPC Regional HazMat Exercise. Regional HazMat Teams from Clay County Fire/Rescue, Gainesville Fire/Rescue, Jacksonville Fire/Rescue, and St. Johns County Fire/Rescue as scheduled to participate.

Six (6) different HazMat stations will be used to challenge the response capabilities of these teams as they integrate to address and prioritize tasks related to a complex HazMat scene.

EXERCISE OVERVIEW

Exercise Name	Obscured by Smoke
Exercise Dates	Thursday, September 10, 2015
Scope	This is a full-scale exercise, planned for 4.5 hours at the Clay County Port -Reynolds Park in Green Cove Springs, FL.
Mission Area(s)	Response
Core Capabilities	<ul style="list-style-type: none">• On-Scene Security and Protection• Environmental Response/Health and Safety• Operational Coordination• Operational Communication
Objectives	<ol style="list-style-type: none">1. Perform a multi-agency response to test communications resources and interoperability2. Establishment of incident command

3. Accident/site assessment to determine hazards
4. Exercise exposure controls

Threat/Hazard

Unidentified HazMat releases/spills associated to a major traffic accident

Scenario

Smoke from a nearby wildfire has caused visibility to drop on US 17 near Green Cove Springs, FL. Although visibility has dropped, the road remains open. A minor traffic accident, along with smoky conditions, has led to a major pileup. Over 100 vehicles are involved in the pileup. Many of the vehicles involved are reported to be carrying hazardous materials.

TAB VII A

MEMORANDUM

DATE: August 5, 2015
TO: District IV Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Staff
RE: LEPC Training Subcommittee

This has been a busy quarter for HazMat Training in the region.

Completed Training:

- 2-Day HazMat Refresher – Baker County/Macclenny

Ongoing Training:

- HazMat Tech 160 hours – Clay County Pilot Program

Upcoming Training:

- Air Monitoring
 - August 10 – Nassau County (Intermediate)
 - August 11 – Clay County (Intermediate)
 - August 12 – St. Johns County (Advanced)
- Radiological
 - August 12 – Nassau County (Operations)
 - August 19 – Orange Park (Operations)
 - August 26 – St. Johns County (Operations)
 - August 27 – Clay County (Technician)
- 2-Day HazMat Refresher – Palatka/Putnam County (August 28-29)
- Virginia HazMat Conference – Virginia Beach (Sept. 15-18)
- Compressed Gases in Transit and at Fixed Facilities – Flagler County (Sept. 28)

Training Subcommittee meeting to follow LEPC Meeting

LOCAL EMERGENCY PLANNING COMMITTEE - DISTRICT 4

6850 Belfort Oaks Place, Jacksonville, Florida 32216
 (O) 904-279-0880 * (F) 904-279-0881

Chairperson: Richard Knoff
 Vice-Chairperson: Ken Wilkey

Staff to the LEPC: Eric Anderson - Northeast Florida Regional Council

2015/2016 – District 4 LEPC Prospective Training

2015/2016 Course Projection	2015-2016	2015-2016	2015-2016
	# of Classes	Estimated Students	Estimated Cost
Projected Hazardous Materials Courses			
Advanced HazMat Life Support Train-the-Trainer (instructor course at UF Shands) – to train people who can train locally in the future (24-hr)		4	\$3,250
Develop a local class based on: hazards, properties, and mitigation of top ten chemicals transported by rail & highway through the region (8-hr)	3	75	\$7,500
Technician Level Refresher (8-hr)	3	75	\$8,000
<i>Air Monitoring (8-hr)/ or Pipeline Training(8-hr)</i>	3	75	\$7,750
International HazMat Response Teams Conference		2	\$1,500
Annual Hazmat Symposium		40	\$10,000
TOTALS		271	\$38,000

Need to program \$38,000

TAB VII B

MEMORANDUM

TO: District IV Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Staff
RE: LEPC Public Outreach Subcommittee

Update of Activities: Chairperson Terry Carr

TAB VIII A

MEMORANDUM

DATE: August 5, 2015
TO: District IV Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Staff
RE: CSX Train Derailment Tabletop Exercise (TTX)

LEPC staff attended the CSX Train Derailment Tabletop Exercise in Gainesville on August 11th.

Staff will provide comments and observations from the TTX

Discussion will follow whether to schedule the same exercise in our region? Who would like to host?

TAB VIII B

MEMORANDUM

DATE: August 5, 2015

TO: District IV Local Emergency Planning Committee

FROM: Eric B. Anderson, LEPC Staff

RE: Jacksonville Bomb Squad – Response Capabilities

Representatives from the Jacksonville Bomb Squad will provide a presentation on their response capabilities, which include multiple hazardous environments such as chemical, biological, radiological, and nuclear. They also maintain a maritime response capability, and capabilities associated to clandestine drug labs.

TAB X

MEMORANDUM

DATE: August 5, 2015
TO: District IV Local Emergency Planning Committee
FROM: Eric B. Anderson, LEPC Staff
RE: Next Meeting of the LEPC

The next meeting of the Local Emergency Planning Committee is scheduled to take place on Veteran's Day (Federal Holiday).

Staff requests the LEPC to consider an alternate meeting date of Tuesday, November 10th? This would move the meeting date up by one day.

Discussion to follow on the date and location of the November quarterly LEPC meeting.
